

December 17, 1957

Dear Dr. Brinton:

I would be grateful to you for your papers on bacterial "fimbrial". If you can no longer furnish reprints, would you be kind enough to let me have the literature citations?

I have also been told that you have made some studies on the attachment of phage to flagella. Is this correct, or a misinterpretation of your other work?

Thank you.

Yours sincerely,

Joshua Lederberg  
Professor of Medical Genetics
